

# Shelby County Tennessee

Mark H. Luttrell, Jr., Mayor

## Questions & Answers

*Issued: November 9, 2015*

**SBI000352**

### **New and Unused Vehicles For Shelby County**

#### **TO ALL PROSPECTIVE BIDDERS:**

The following questions were submitted by potential vendors. Our answers are listed in **red** below:

1. Also, I have a couple of questions to clarify. On the mid size four door sedans as well as the full size, neither the Fusion or the Taurus come with a steering column shift lever. I don't believe there are any new cars out there now that have this, either standard or a option.
2. Second, the police interceptor and AWD utility specifies V-8 police package. The Taurus and the Explorer don't offer the V-8 at all, but I was told to go ahead and bid on them since the V-6 police package has as much if not more horsepower than most V-8 engines.

mid size as Fusion, full size as Taurus, mid size SUV as Explorer.

#### **Answer:**

We want Ford to present their product as closely to the bid specs as possible, as should be expected from all responding vendors. If there is an exception to the specification, they simply need to list it in the response and bid the vehicle that most closely fits the request for each item.

If a specific response is needed, YES, we will consider a console shift sedan and YES, we will consider a 6 cylinder PPV.
